

# InsurTech<sub>19</sub>

Evolving Insurance | Forging Opportunities | 25 - 26 March

Technology is no longer a competitive advantage. It is fast becoming just a ticket to the game. With Insurtech driving a holistic digitisation process that impacts, challenges and disrupts conventional thinking, the focus is now on true innovation.

It is all about finding those pain points in your user experience where insurtech solutions will enable class leading innovation. With AI, bots and data analytics now available to even the smallest of businesses and brave new startups, a culture of innovation and rapid implementation is essential in our highly competitive insurance environment.

Be part of the discussion to expand the collective industry mind in this fantastic era of limitless opportunity.

The 5th Insurtech Conference, taking place in Johannesburg on the 25th & 26th of March 2019, will build on its reputation as a true value adding event.

It is now attracting the most relevant delegates and best speakers, promising to bring you as much learning, networking and exchanging of ideas as before.

Looking forward to seeing you there.

## Take Action with our Workshops

Over and above the great knowledge you will gain from the insightful and informative presentations over the 2 days, you can also look forward to 4 amazing 1 hour workshops at no extra cost.

Click2Sure, wiCover, Startupbootcamp AfriTech, Genasys Technologies, ClaimCentral Africa and Global Choices will be hosting the four not to be missed workshops over the two days.

These industry leaders in innovation, insurance and technology will provide you with valuable lessons to take home and use in your innovation efforts back at the office.
